Terms and Conditions of Booking

1. Definitions

In these Conditions Of Booking unless the context otherwise requires reference to the singular includes reference to the plural (and vice versa) reference to any gender includes reference to the other genders and the following expressions shall have the following meanings:

"the Authorities" the local authority (including without limitation, its Trading Standards Department), the Fire Authority, the Environmental Health Officer and the Health and Safety Executive and any other authority claiming jurisdiction over the Exhibition and/or the Venue;

"Booking Form" the booking form for the Exhibition completed by the Exhibitor;

"the Society" Royal Agricultural Society of England (RASE);

"the Contract" the contract between the Society and the Exhibitor resulting from acceptance by the Society of the Exhibitor's application for a Stand;

"Exhibitor" the company, firm or person described as the Exhibitor in the Booking Form;

"Exhibition Manual" the Manual for the Exhibition referred to in Condition 7.4;

"Exhibits" exhibits and/or goods and/or services to be displayed and/or sold and/or provided by the Exhibitor on the Stand as stated in the Booking Form;

"Exhibition" the exhibition, show or event referred to in the Booking Form;

"Exhibition Regulations" the regulations drawn up for the Exhibition by the Society;

"the Fee" the total amount payable by the Exhibitor to the Society for the Stand including VAT as shown on the Booking Form;

"Stand" the space at the Exhibition to be occupied by the Exhibitor whether or not the Exhibitor uses the space for a stand as such; and

"Venue" the venue at which the Exhibition is to be held.

2. The Contract

2.1 The Booking Form is an application by the Exhibitor for a Stand at the Exhibition. A legally binding contract will only come into existence when the Society accepts the booking in writing whether by counter-signing the Booking Form and returning a copy to the Exhibitor or otherwise.

2.2 So that the basis of the contractual relationship between the Society and the Exhibitor is completely clear, it is agreed that the whole of the Contract is to be found in the Booking Form, Exhibition Regulations and in these Conditions. Accordingly, there are no enforceable promises, terms, conditions, warranties or representations by either party, whether oral or written, including anything which would in the absence of this condition be implied by law, other than the terms set out in the Booking Form, Exhibition Regulations and in these Conditions.

2.3 In the course of negotiations leading up to the Contract, both the Society and the Exhibitor or their respective representatives may have made statements or forecasts about the Exhibition, including, for example, attendance figures, other Exhibitors, Exhibits or events which may form part of the Exhibition, the position of the Stand and/or the quality of Exhibits. Because the Society's plans for the Exhibition may change and certain matters are not under the Society's control - for example, the Society cannot guarantee the attendance of other Exhibitors or the public - each of the Society and the Exhibitor confirms that it has not entered into the Contract in reliance on any statement or forecast made by or on behalf of the other of them. Accordingly, any liability of either party for misrepresentation (whether or not the representation in question is of the same type as those set out in this condition) is expressly excluded. This exclusion does not apply to a fraudulent misrepresentation.

2.4 The Exhibitor will be permitted to occupy the Stand as the Society's licensee. The Exhibitor will not obtain any right of exclusive possession or occupation of or any proprietary interest in the Stand.

2.5 Applications for space should be made on the appropriate Booking Form and should be returned to the Society by the date stated by the Society. All Exhibitors will remain within their allocated Stand space for the duration of the Exhibition. The area booked must be sufficient to accommodate the whole display, tent or marquee including guy ropes or protruding base plates, trailers and office caravans including tow bars and steps and sufficient room for manoeuvring onto site without encroachment onto adjacent stands, and must allow for groundworks such as sumps. Exhibitors of elevators, hoists, or other articles which necessitate ropes, wires or other supports, are required to take sufficient space to include such supports within the area for which they pay. The Society does not offer exclusivity to any Exhibitor, manufacturer and/or their products at their Exhibitions. The person(s) signing the Booking Form on behalf of the Exhibitor shall be deemed to have full authority to do so. The Society shall not be responsible should the Exhibitor claim that such person(s) did not have such authority. The person, firm or company entering into this agreement with the Society shall be liable under this agreement as a primary obligor notwithstanding that the agreement is entered into on behalf of a third party.

2.6 The Society reserves the right to exclude any person, firm or corporate body from its Exhibitions who, in the opinion of the Society, has infringed their Conditions of Booking or is or may be guilty of conduct unbecoming an Exhibitor at an Exhibition organised by the Society, either at or in conjunction with an Exhibition. The Society may not be required to give a reason therefore.

The Society may refuse to accept any application for space, (even if received prior to the final closing date for entries), cancel any entry which may have been accepted, refuse admission of any proposed Exhibit, or order the removal of any Exhibit already delivered. If, under this condition, an application for space is refused or an allocation of space is cancelled by the Society, the Society will refund the application fee to the Exhibitor in full satisfaction of all claims against the Society.

2.7 Applications for space must specify the nature of all the Exhibits. Exhibitors shall not allow third parties' products or services to be used or promoted in connection with their Exhibits unless those third parties are Exhibitors in their own right at the Exhibition or part of a presentation staged by the Society. Where an Exhibitor is part of a larger organisation only products and services promoted by the Exhibitor may be exhibited. Products and services of a subsidiary associate or holding company can only be exhibited if the holding company is the Exhibitor (as the term holding company is defined in Section 736 of the Companies Act 1985). Sales of all products and services (including but not by way of limitation medicines and pharmaceutical products) must comply with the recommended specifications as laid down by statute or other appropriate regulations. When erecting a static or moveable display, Exhibitors must ensure that it is secure as failure to do so will render the display liable and subject to removal from the Exhibition. The Society reserves the right forthwith to close without compensation any Stand found to be in breach or potential breach of any statute or regulation, or to be exhibiting, displaying, promoting or selling any product or service without the prior approval of the Society or for any other valid reason which in the reasonable opinion of the Society renders such a Stand incompatible with the aims, ethos or reputation of the Exhibition.

2.8 The Exhibitor may not assign its rights under the Contract or sublet, part with or share occupation of the Stand or any part of it. Nonetheless, with the prior written approval of the Society, the Exhibitor may share occupation of the Stand with other companies which are in the same group as the Exhibitor or which are associated in business with the Exhibitor.

3. Payment

3.1 The Exhibitor will pay the Fee by the instalments (if any) and on the date(s) shown on the Booking Form.

3.2 If any payment to be made by the Exhibitor to the Society under the Contract is not paid on the due date for payment, the Exhibitor will pay to the Society interest on the amount overdue from the due date for payment to the date of actual payment at an annual rate equal to 3 per cent above Coutts & Co's base lending rate for the time being in force, such interest will be payable both before and after any judgement or order is made against the Exhibitor by any Court of competent jurisdiction.

4. Withdrawal

4.1 The Exhibitor may withdraw from the Exhibition at any time by notifying the Society of its wish to withdraw in writing. In addition, the Society may by written notice to the Exhibitor accept non-payment by the Exhibitor by the due date for payment of any instalment of the Fee as notice of the Exhibitor's withdrawal from the Exhibition. In the event of the Exhibitor's withdrawal, a cancellation fee calculated in accordance with Condition 4.2, will become immediately payable by the Exhibitor to the Society.

4.2 The cancellation fee shall be calculated as follows:

<u>Date of Withdrawal</u>	<u>Percentage of the Fee Payable</u>
6 months or more before the Exhibition	20%
More than 3 and less than 6 months before the Exhibition	50%
3 months or less before the Exhibition	100%

less in each case any part of the Fee already paid by the Exhibitor to the Society.

4.3 In the event of withdrawal the Society may resell or reallocate the Stand allocated to the Exhibitor. Even if it does so, the Society will be under no obligation to reimburse or reduce any payment made or to be made by the Exhibitor under Condition 4.2.

4.4 For the purpose of this Condition 4, withdrawal will be deemed to take place on the date upon which notice of withdrawal is received by the Society or given by the Society in the case of non payment by the Exhibitor of any instalment of the Fee.

5. Allocation And Alteration of Stands

5.1 The Society may make changes in the layout of the Exhibition between the time when the Contract is entered into and the Exhibition is held for any reason, including, for example, the need to accommodate additional features or events in the Exhibition or to comply with any requirements of the Authorities and/or the owner of the Venue. Accordingly, the allocation of a Stand number or description of a particular position on the plan for or the layout of the Exhibition is provisional and subject to alteration. If the size of the Stand shall be reduced as a result of any such alteration, the amount of the Fee shall be reduced pro rata to the reduction in the size of the Stand. In no circumstances will the Exhibitor be required, without the Exhibitor's prior agreement, to pay an increased Fee.

Terms and Conditions of Booking

6. Cancellation, Postponement or Change of Venue

- 6.1 The Society may at any time cancel, postpone or move the Exhibition to another Venue if the Society thinks fit. The Society will notify the Exhibitor as soon as possible if the Exhibition is cancelled or postponed or moved to another Venue. If the Exhibition is cancelled, the Society will repay to the Exhibitor (without interest) any instalments of the Fee paid by the Exhibitor to the Society and the Contract will be cancelled. If the Exhibition is postponed or moved to another Venue, the Contract will remain in force for the new dates and Venue provided that the new dates and/or Venue are in the reasonable opinion of the Society appropriate for the Exhibition.
- 6.2 Except as expressly provided in this Condition 6, the Society shall have no liability in contract or in tort or otherwise to the Exhibitor arising out of or in respect of any cancellation or postponement of the Exhibition or of it being moved to a new Venue howsoever arising.

- 7.4 7.4 Approximately three months before the date of the Exhibition the Society will produce a Manual containing the Exhibition Regulations and other instructions and will send them to all Exhibitors. The Exhibitor agrees that he and any contractors retained by him will observe and obey the Exhibition Regulations and instructions contained in the Manual. Failure to do so will be a breach of the Contract.
- 7.5 7.5 The Authorities and the Society may also impose certain requirements or regulations with regard to the Exhibition. These requirements may relate, for example, to health and safety, trading standards, procedures relating to emergencies, access to the Venue and parking. The Exhibitor agrees that he and any contractors retained by him will comply with any such regulations or requirements. If the Society has reason to believe that the Exhibitor is in material breach (which shall include the Authorities informing the Society that the Exhibitor is in material breach) of any such regulations and/or requirements the Exhibitor shall be in material breach of the Contract.

Exhibitors may not encroach on the avenues, streets or open space, or do anything that may cause obstruction. Advertising by signs, cards, stickers or leaflets etc., is not permitted unless used on the Exhibitor's own Stand.

9. Safety Requirements

- 9.1 **Exhibitors' Responsibility**
While the Society reserves the right to exclude any gas, petroleum or spirit they deem unsafe, this in no way relieves the Exhibitor from responsibility in the event of an accident or fire. Exhibitors must conform to the regulations of the local authority in all that relates to the transportation of petroleum and the precautions to be taken against fire.
- 9.2 **Generators & Electricity**
The use of generators is not permitted. Exhibitors who arrange for the installation of an electrical supply through a contractor other than the Society's nominated contractor must ensure that the contractor is a member of the National Inspection Council for Electrical Installation Contracting and that installations are wired to standards laid down in the current edition of the IEE Wiring Regulations and the relevant Health and Safety at Work Act. It is essential that 'to the stand' wiring work be completed for the official contractor to inspect the installation prior to the connection of the installation to the mains supply. The Exhibitor shall pay the official contractor for this work.
- 9.3 **Speed Limit**
Vehicles must abide by the Exhibition speed limit at all times. Failure to do so may result in the vehicle being impounded for the duration of the Exhibition.

 - (2) to indemnify the Society and keep the Society indemnified against any claims made against or liabilities incurred by the Society as a consequence of any breach by the Exhibitor of any of its obligations under the Contract or otherwise arising as a result of anything done or omitted to be done by the Exhibitor in connection with the Exhibition or at the Venue.
- 11.2 Although the Society and the owner of the Venue arrange for security at the Exhibition, the primary purpose of the security provided by them is to ensure the safety of the public at, and control of access to and egress from the Exhibition. The Society is not responsible for the safety of Exhibits nor of any other property of the Exhibitor or for the death or personal injury (except where such death or personal injury is caused by the negligence of the Society or by persons for whose actions the Society is legally responsible) of the Exhibitor's officers, staff, contractors, visitors or guests at the Exhibition.

- 11.4 The Society will not be liable for the supply to the Exhibitor of any goods or services by any suppliers designated as official suppliers in the Exhibition Manual or by anyone else.

Terms and Conditions of Booking

- 11.5 In no circumstances will the Society be liable for any failure by it to perform any obligation under the Contract arising as a result of circumstances beyond the reasonable control of the Society.
- 11.6 *In certain circumstances the Exhibitor may wish to organise activities or events on its Stand which are or may in the opinion of the Society involve some risk to participants or the public or other people at the Exhibition or their property. In those circumstances, the Society may require the Exhibitor:*
- (1) to enter into a separate indemnity by way of deed in favour of the Society and/or such other person as the Society may specify in respect of any liability arising from such activity or event; and
 - (2) require the Exhibitor to obtain from participants a form of waiver and/or indemnity in terms approved by the Society.
- The form of such indemnities and/or waivers will be contained in the Exhibition Manual.
- 11.7 Exhibitors are responsible for the full reinstatement of their site to the Society's satisfaction, otherwise the Society reserves the right to have the work undertaken and charged to the exhibitor. Gravel, sand, chippings, concrete slabs etc must be completely cleared and the area reinstated. Exhibitors are advised to lay a membrane under any gravel, sand or chippings. All holes from fences, posts, flagpoles and any other holes must be filled and reinstated. Any damage caused by the erection of temporary structures, exhibition of and/or removal of machinery/equipment, or any other causes, must be corrected by reinstatement. Exhibitors are responsible for ensuring that their contractors comply with these regulations.

12. Insurance

13. Design and Setting Up Of Stands

No part of any shedding or Stand erected by the Society or its contractors shall be removed, defaced or in any way damaged. Any Exhibitor who breaches this condition or damages any of the Society or Venue owner's property is liable to reimburse the cost of repairs and reinstatement and shall indemnify the Society in respect of all costs, losses and damages arising in any way therefrom.
- 13.2 **Machinery and Equipment**
Exhibitors shall be responsible in all aspects for any ancillary equipment or machinery required for demonstrations, and shall comply with all appropriate health and safety regulations. Each Exhibitor shall ensure that a trained instructor/demonstrator will instruct all personnel in the safe operation and running of the equipment in advance of demonstrating that equipment. Exhibitors must ensure that only appropriately qualified and certified instructors shall demonstrate equipment of a specialised nature. No person shall operate an item of equipment without a full and valid tractor license or any other appropriate license. Where appropriate, Exhibitors' areas will be marked by post and rope fencing to mark the boundaries. This is separate to safety fencing. Exhibitors will be responsible for any additional safety fencing required for their equipment/machines. Exhibitors operating diggers and excavators shall ensure that adequate safety fencing is provided for excavations. The Society reserves the right to close an Exhibit for failure to comply with the aforesaid.

14. Height of Stands

- 14.1 Exhibitors must refer to the Exhibition Manual for height specifications.

15. Electrical Installation Sound and Visual Aid Equipment

- 15.1 All electrical installation must be undertaken by the official electrical contractor as listed in the Exhibition Manual and the Exhibitor will be responsible for settling accounts direct with the contractor. No electrical work may be carried out without the prior written approval of the Society and no device will be permitted if in the opinion of the Society it may become a nuisance to other Exhibitors and visitors. The Exhibitor shall not use sound amplification equipment unless the sound is contained within the area of the space allotted to him. The Exhibitor shall ensure that any visual aid equipment for his Stand shall also be sited so that intending viewers congregate within the limits of the Exhibitor's Stand. The Exhibitor shall ensure that no leads connected to any device shall be taken outside the limits of the Exhibitor's allotted space. All water installation must be undertaken by the official water contractor as listed in the Exhibition Manual and the Exhibitor will be responsible for settling accounts direct with the contractor.

16. Admissions Tickets and Vehicle Entry Passes

- 16.1 The Exhibitor shall ensure that any non transferable passes supplied to admit the Exhibitor and his workmen and mechanics are presented on request. If such a ticket is transferred or otherwise disposed of it will become immediately forfeited and no further ticket will be issued. The Society reserves the right to refuse admission to any person or persons to the Exhibition without giving any reason

and to expel any person whose conduct or presence in the opinion of the Society renders such action desirable. Exhibitors are responsible for ensuring that all staff, contractors or delivery agents connected in any way with the construction, operation or dismantling of their stand are in possession of the correct admission tickets and vehicle entry passes. Exhibitor tickets are solely to admit the Exhibitors and their staff and must not be sold to any third party. Any Exhibitor infringing this condition may risk expulsion from the exhibition site for this and subsequent exhibitions. Admission tickets and vehicle entry passes will only be issued on full settlement of the Exhibitor's account. No refunds can be given for any Exhibitor, visitor or guest tickets purchased either in advance or during an exhibition. Exhibitors must abide by the ticketing system in operation at the exhibition at all times. The Organisers reserve the right to withdraw any vehicle entry pass if the pass is being used improperly.

17. Livestock

Exhibitors displaying livestock on their stand must contact the Society in advance of the Exhibition and complete the relevant livestock documentation. Exhibitors will take full responsibility for the welfare of stock for the duration of the Exhibition.

18. Show Catalogue

- 18.1 The Society will normally publish an official catalogue to the Exhibition. The Exhibitor agrees to provide such information to the Society as is required by it in connection with the guide. The Society will not however have any responsibility for any omissions or errors which may be made in the guide unless such omissions or errors have been drawn to the Society's attention in writing by the Exhibitor by the dates which are specified in the Exhibition Manual.

19. Data Protection

- 19.1 The Society may disclose data and information relating to the Exhibitor (including, without limitation, data relating to its representatives, employees, agents, officers or contractors) ("Data") to any member of the Society's group (which means its ultimate holding company and its subsidiaries from time to time, including, without limitation, Stoneleigh Park Limited) The Society may also disclose the Data to any purchaser or proposed purchaser of any company in the Society's group, or any business or part of a business operated by any company in the Society's group.
- 19.2 The Society may also disclose Data to third parties (including, without limitation, the Authorities) if it is under (or reasonably believes it is under) a duty to disclose or share Data in order to (1) comply with any legal obligation, or (2) enforce or apply the Contract or any other agreements relating to the Exhibition, or (3) protect the rights, property, or safety of the Society, its customers, or others. This includes exchanging Data with other companies and organisations for fraud protection and credit risk reduction and in connection with the show guide referred to in Condition 18.
- 19.3 For the purposes of the Data Protection Act 1998, the data controller of the Data is the Royal Agricultural Society of England, Stoneleigh Park, Warwickshire, CV8 2LZ, and all queries in relation to the use of Data should be directed to the Royal Agricultural Society of England at the above address.

20. General

- 20.1 If the Exhibitor commits any breach of its obligations under the Contract (and if the breach is remediable, fails to remedy it within a reasonable time) the Society may exclude the Exhibitor from the Exhibition and/or require the Exhibitor to leave the Venue immediately and shall (without prejudice to the other rights of the Society) be entitled at the Exhibitor's cost to remove the Exhibitor's Exhibits, property and personnel and any person to whom the Exhibitor may have issued a pass for the Exhibition from the Venue.
